I remember sitting in my bedroom right here in South Florida my Senior year of high school when I fell in love with the Word of God. I can't describe the revolution that took place in my soul as God spoke

and inspired and captured my heart while I devoured page after inspired page of Holy scripture. I had never tasted or seen anything like this. But something else happened: God birthed a vision

in my heart of what could happen when ordinary people become passionate followers of Jesus. They turn the world upside down. That's why we are trying to plant disciples all over South Florida. And Florida. And ultimately, the world.

**Eye has not seen and
ear has not heard what
God has prepared for
those who love Him.**

As we look back on 2018 I want to simultaneously celebrate the goodness of God for what He has done while I stir up holy passion for so much more. We want to see the kingdom come on earth as it is in heaven, from South

Florida to the nations, and that only happens through disciples. So look through these pages with a heart of gratitude, and hunger for more. Blessed are those who hunger and thirst...

This annual report will give you a snapshot of the year in numbers and pictures. It is a written testimony that reminds us of the movement of Jesus, as well as the call on our lives to partner with Him in what He's doing in this world. Prayer momentum is on the rise, microchurches are multiplying all throughout Dade, Broward and Palm Beach counties, and we are watching the Gospel flourish on the college campuses like never before!

2018 will forever be the year that I remember the faithfulness of God in bringing us to our HUB. I have not hidden my philosophical and theological concerns about undergoing a "building project." We

have never been about buildings, and we passionately pleaded with God to help keep our hearts in that same place of raw passion for Him, and love for people. It has been a total joy to watch the HUB already being used by God not to DISTRACT but rather to ACCELERATE our disciple-making abilities as a church! Already at the HUB we have microchurches meeting, morning prayer hosted weekly, a missional community called ALPHA forming to reach the lost, and countless other organic meet-ups for discipleship, worship and community all throughout the week. And by the way, in the midst of our largest "building renovation project" yet, can you believe that we were able to give more money to missions than ever before? THANK YOU for being a part of fighting for the clarity of our vision and the integrity of our hearts in a year like this one.

If you are a part of this faith family, use this report as an occasion for faith and gratitude. If you're on the outskirts looking in, I dare you to consider jumping on board.

Eye has not seen and ear has not heard what God has prepared for those who love Him.

God bless you and keep you,

Pastor Jon

Western High School

Western High School

This year has been another historic year for Greenhouse South Florida, as we have watched God work in and through our faith family like never before! More baptisms than ever. More money given to missions than ever. More microchurches launched out to make disciples all throughout South Florida, and our first ever South Florida office space and ministry HUB. God is on the move, and we're thrilled to be a part of His story!

GREENHOUSE
CHURCH

GREENHOUSE CHURCH

Moving to the Hub

Our motto has always been to BE THE CHURCH - which is more than just Sunday's. For the past 4 years, we have been praying for a space to call our own, to serve as a ministry HUB and launching pad for the things God has called us to as a church body. We're so excited that God has now answered this prayer, and we have just completed renovations on our new South Florida ministry HUB and office space! We've never been about buildings, but are about making disciples and this space is ALREADY allowing us to take our disciple-making abilities to another level!

The HUB is going to be our devoted space where people can come for worship, fellowship, discipleship and prayer. In this facility, we will be able to host microchurches, worship nights, leader meetings and discipleship groups of various kinds - helping to catalyze a movement of disciples who reorient their lives around Jesus' call to make more disciples. We dream that in this building, ordinary people will become passionate followers of Jesus - mobilized to unashamedly and fiercely love their neighbor both locally and globally. To follow Jesus, and change the world.

“We do not worship buildings we worship Jesus. We are thankful He has provided a facility to facilitate His mission to make disciples and reach the nations.”

Greenhouse

Greenhouse Movement

Atlanta

In 2018, Greenhouse sent Kurt and Kelly Rosenhauer as Greenhouse Movement missionaries to Clarkston, Georgia, a small city within the greater Atlanta area that has been allocated as a relocation site for legal refugees. Many of these refugees are fleeing life-threatening conflict from their home countries. The Rosenhauers have been able to share the gospel with many people groups and have been discipling their friend Alex, a former Muslim refugee from Ethiopia who was recently baptized and now eagerly shares his faith with family and friends. They are praying for more fruit in the coming year.

Gainesville

Greenhouse Church in Gainesville, FL is our sending church, and the current HQ for the Greenhouse Movement. With 4 campuses located throughout the city, God is continuing to move in the hearts and lives of people, helping ordinary people become passionate followers of Jesus. We are so thankful to God for all of the support, encouragement and covering we have received from Gainesville, and the blessing they have been to our faith family!

Jacksonville

Little Baghdad is a refugee community in the heart of Jacksonville. Its residents hail from all over the Middle East, North and East Africa. Multiple outreach and evangelism focused initiatives happen throughout the week including microchurch plants and an after-school kids program focused on discipleship. In 2018, Greenhouse launched a weekly English as a Second Language class for women in Little Baghdad. This class has been a platform to serve and welcome refugee neighbors while also developing intentional relationships. We're praying these relationships will prompt conversations, dreams and visions for families to be transformed by the love of Jesus.

Orlando

Last year was a year of specific direction for the future of Greenhouse Orlando. God gave us two clear words to work toward: 1) Moving to a new Sunday location, and 2) College outreach on Valencia West Campus. It has been amazing to see Him work through both directions, and we are excited for what He will continue to do in 2019!

Church Online

Church Online has continued to grow in 2018. Viewers are hearing the Gospel and connecting to microchurches. This is quickly becoming a larger part of the Greenhouse Movement, with viewers from over 100 different countries!

Greenhouse

MISSIONS

Missions

Our vision is to be a sending church made up of people who sacrificially love their neighbor both near and far - a missions outpost where ordinary people fall in love with Jesus and are mobilized to change the world.

If there is one word to describe Missions for Greenhouse South Florida this year, it would be GROWTH! As a church, we gave more in terms of our time and our finances than ever before, and we're seeing our faith family and mission partners make life-changing impacts for God's kingdom.

Because of your generosity, local elementary students will have proper tutoring and mentoring, churches are being planted, thousands of people are coming to know Jesus in some of the most rural and unreached parts of Africa, and at-risk youth in Jamaica have a computer lab to learn new skill sets to get jobs and find hope for the future.

Through REACH Florida, we were able to share the Gospel with hundreds of people across South Florida, as well as having opportunities to pack food for needy families in our community, serve meals and share words of encouragement with the homeless, fix and organize homes for the elderly and widows and so much more. God is on the move, and we're so excited to follow as He leads us!

LOCAL OUTREACH

Local Outreach

We see mentoring churches with real disciples...that give themselves for the cause of the lost and the least.

We see Churches of Passion...people who stand so amazed at God's grace that they can't help but live lives of adventure and generosity. We see God leading us to spend ourselves for those who could never pay us back...strong with children, students, missions, and the poor. We have been sent.

Local Outreach

LOCAL OUTREACH

Local Outreach

FIREWALL CENTERS is a second home for so many at-risk youth whom we serve. This after-school program is much more than an ordinary tutoring program - it's hope. Hope for a chance, hope for change, and more than anything, hope for a future! Our volunteer team has been blessed to be a part of this movement by partnering alongside Firewall in providing mentoring, tutoring and prayer, and we were thrilled to be able to collaborate with several other local area churches to help fund the establishment of a brand new Firewall Center at Walker Elementary school! We are so grateful to God for the amazing work Firewall is doing in our community, and look forward to continuing to come alongside them and support this great work in 2019!

HOPE WOMEN'S CENTER exists to encourage and equip women and men to make informed decisions regarding unplanned pregnancies. They have been lovingly helping women and men make difficult pregnancy decisions since 1987, and we as a church have been financially supporting their efforts for the past 4 years. One of our microchurches went through their Life Disciples video series, learning how to help people who find themselves in the midst of such life decisions, and we have volunteers working to help counsel both men and women in their moment of need through Hope. We are so thankful to God for the great work that is done in and through Hope Women's Centers, and are encouraged to hear all the testimonies of life change that happen daily through their Kingdom work!

4 KIDS OF SOUTH FLORIDA has a mission of providing a home for every child. With this vision, 4Kids has

become a leader in equipping and recruiting local Christian families to be the Church and provide homes for the modern day orphan. At Greenhouse, we've continued to partner through providing financial support, as well as training and educating church members on foster care. We hope to see more families become a home for a child in need in 2019!

BROWARD OUTREACH is a ministry that has been serving the homeless and needy of Miami and Broward since 1922. They help men, women, and children with meals, safe shelters, life-changing residential programs, employment, and housing resulting in transformed lives. One of our microchurches, motivated by God's love for the homeless and destitute, has continued their partnership, taking several evenings as a group to organize and sort donations to better serve the people of Broward Outreach.

TEEN CHALLENGE is a ministry that has been serving the South Florida area faithfully for over 29 years. Their dream is to put hope within reach of every addict or at-risk youth by offering life transformation through their caring, Christ-centered programs. Through their proven solutions for life-controlling addictions, their hope is that every Teen Challenge student will become a productive member of society. Mentally sound. Emotionally balanced. Physically well. Spiritually alive. One of our microchurches has adopted the Teen Challenge Women's Home located right here in Davie, and has been able to spend many nights sharing with the women in worship, the Word and discipleship.

Local Outreach

MICROCHURCH

Microchurches

God's vision for CHURCH is both big and small, and TOGETHER it does it all. In the Bible "church" was not a weekly service; it was the reality of God's people every day. Where you find true worship, community, and mission, you find "church", whether in a group of 5,000 or five.

Especially inspired by the book of Acts, we value both the macro and micro expressions to make true disciples. But both are "church." Because spiritual formation happens in the process of doing, not just hearing, we see the need for real people making face-to-face and heart-to-heart contact with other believers in safe and authentic ways. Thus, we call people to re-orient their lives around Jesus and His community in order to live a Biblical lifestyle of discipleship.

Stories of Hope

“Before coming to Greenhouse, I always viewed church small groups as something like a small supplement to my walk with Christ. After being a part of my microchurch for a few weeks, it became clear that this wasn’t an average small group. This microchurch was the community I needed to stretch me, challenge me, comfort me, correct me, and simply walk alongside me in my everyday pursuit of Christ. I’m very grateful for my microchurch community!” [Allan Meade](#)

“Being far away from friends and family, microchurch has helped me build relationships that will last a lifetime. Through my Greenhouse microchurch community, I have matured spiritually so much more from weekly discussions and fellowship. I’ve been blessed by a group that keeps me accountable to live life as Christ did.” [Rincy Thomas](#)

“I remember a moment in my life where drugs and negativity were all that I consumed from those around me. I never really believed in a God that I couldn’t see, hear, or feel until I came to microchurch. Microchurch welcomed me as a family of their own, and taught me the true meaning of love, happiness, and forgiveness.” [Matthew Rivera](#)

Microchurches

BREAKTHROUGH

AT A GLANCE

PARTICIPANTS

We had 37 participants compared to 25 from last year (and we closed registration early due to capacity constraints).

SERVERS

We had 68 volunteers give their time, talents, and treasures to serving the participants with supernatural hospitality.

SALVATIONS

We had 9 participants go all in with Jesus by getting baptized during our Breakthrough weekend at our Sunday service!

Breakthrough

2018 was another incredible year, as we were able to see many disciples being made and leaders being raised up in all different ways. One of those ways being our 2nd Annual Breakthrough in South Florida! We were able to partner with Crossway Church in Cooper City to host this life-changing event. We witnessed physical healings, emotional healings, and God encounters that have marked the lives of so many. God really did show up in the most powerful way and it was an honor and privilege to witness it.

We had people participating in the weekend who heard about Breakthrough from close friends and wanted to experience it for themselves, and some individuals join us from different churches throughout the city. We even had some leaders that came to see if this is something they could bring to their own church. 70% of the participants have been plugged into a microchurch and are thriving in their discipleship.

We are forever thankful to Jesus for all the life transformation that He has graciously allowed us to be part of. I am in complete awe of all that He did that weekend, and all that He has continued to do.

Christine Sepulveda, Breakthrough Director
